A NOTE FROM OUR PRESIDENT, DONNA KIDA

Greetings, Alpha Sigma!

Isn't it great to hear those robins in the morning? And what about seeing those daffodils peeking through the soil? Spring is coming, and I, for one, am ready. Enjoy!

On March 2, I attended the District Council luncheon with Nila Beauchamp and Kathy Ward. The speaker was Mark Reynolds from the Monon Train Museum. He brought along a few items from the museum, and gave us a history lesson as well. If you are ever down that way, stop in the museum and check out the displays.

For two years now, I have had the privilege of serving you as chapter president. I want to thank the

officers, committee chairpersons, and all members for their support. Everyone was so patient with me as I learned the job. One "perk" of serving as president was attending state and district functions. I was able to meet so many wonderful people who also have a passion for education. I appreciate the opportunity I was given to serve you as president of Alpha Sigma!

Inspired by Georgia O'Keefe

Alpha Sigma member Sylvia Dumas presented a fun-filled program of Georgia O'Keefe-inspired painting. Members dug deep to channel their inner O'Keefe to create flowers.

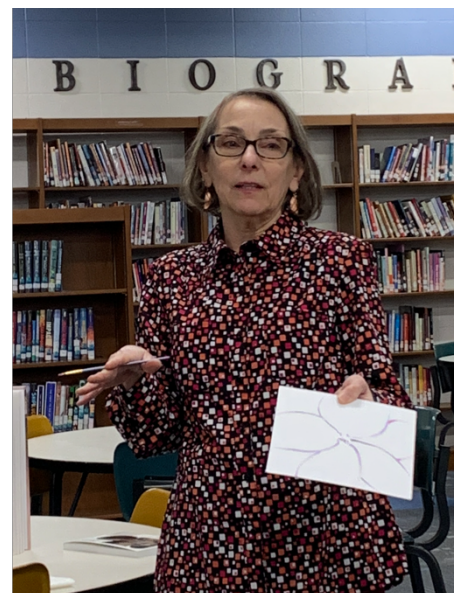

Georgia O'Keefe, an American artist known for her paintings of flowers, may have said that flowers were better than models because they didn't move. Unlike models, who may shift positions or change expressions, flowers remain still and provide a stable subject for artistic interpretation.

Considered a modern abstract painter for the most part, O'Keefe believed that colors and shapes make a more definite statement

than words. She liked the idea of expressing herself through the use of line, color and shading in a harmonious way.

Georgia...we did our best!
